LB74

SENATOR MARESH: Mr. President, members of the Legislature. I don't think there is any reason to hold this bill up, although Senator Cavanaugh thinks that maybe we rushed things too fast, but I think that this bill could be brought back for specific amendment from E & R or from Final Reading so I object to the bracketing.

PRESIDENT: Senator George.

SENATOR GEORGE: Mr. President, members of this body. I know that Senator Warner has some very important amendments and I would certainly like to see that these amendments are going to be discussed here on this floor. So I am strongly for bracketing this bill.

PRESIDENT: Senator Dickinson.

SENATOR DICKINSON: Mr. President, members of the body, I also would have to support and I know that this bill has been kicked around a lot to Senator Maresh's frustration and that is not the intention of this, but there is no purpose of moving it over and having to move it back for specific amendments. It would take more time than leaving it here and have whatever is going to happen happen at this point rather than going back and forth. We will save time for this body.

PRESIDENT: Senator Frank Lewis.

SENATOR F. LEWIS: I know that there are some amendments pending and my good friend Senator Keyes has some and I think that it would be advantageous to Senator Maresh and this bill if we give it a strong hard look and keep it right up there with 368A.

PRESIDENT: Senator Clark.

SENATOR CLARK: Mr. President, members, there is no way that I am going to support this bill in its present form. Senator Warner does have some amendments, that if he got them on I could support the bill. Otherwise I wouldn't and I certainly don't want to advance the bill.

PRESIDENT: Senator Mills.

SENATOR MILLS: Mr. President, if there are no more lights on I call for the question.

PRESIDENT: There are more lights.

SENATOR MILLS: Then I call for the question.

PRESIDENT: The Chair would like the assistance of some member, Senator Clark you are on your feet, we have no motion to bracket, we have a request from Senator Warner. Would you care to make such a motion.

SENATOR CLARK: I just want to make a motion to bracket the bill.
